CARMEN DERUSHA

*Leadership and Community Development
Robert Greenleaf Center for Servant Leadership*

Our speaker has been able to put into action her desire to create strong community-based organizations as a way to strengthen the presence and positive influence of all individuals. She believes very strongly in the power of people working together towards a shared vision and inspired by the desire to serve.

Ms. DeRusha's topics will include Hope, Neighborhood Initiatives and Community Building, all important subjects as our community works toward better educational and work opportunities for all people. Her message closely parallels the Family Service Society mission "to Encourage, Empower and Educate individuals, families and communities to improve their quality of life."

Many years of service on local and state boards and commissions has afforded her the ability to share her knowledge and passion. Luncheon attendees will have a unique opportunity to hear her message and put the information into action in our community.
