Family Service Society Inc. recently joined with Marion Public Library to plant and harvest a community garden. The garden is located on the corner of Seventh and Boots streets on land owned by Marion Public Library. The garden was planted in early July and produce has been distributed to local residents on several occasions. Special thanks to Price's Garden Center and Marion Inner City Outreach for their contributions to the garden.

Family Service Society Inc. is currently pursuing ideas for expanding the community garden concept throughout the city for the spring of 2011. If you are interested in participating or sponsoring a garden, please contact Robert Ayres at Family Service Society Inc., 662-9971 ext. 113.
