Published: Tuesday, September 8, 2009 1:09 AM EDT

Family Service Society has received notification that it is a recipient of the Neighborhood Assistance Program (NAP) tax credits for 2009-10. The program allows agencies to receive contributions of \$100 or more from donors and the donors receive a state tax credit equal to one-half the donation amount.

Revenue generated this year at Family Service Society will be used for counseling for abused children. The tax credits will be sold on a first-come, first-served basis. For more information, call Kelly Turner, 662-9971, ext. 101.
